

**Each student should be practicing their spelling words for a minimum of 15 minutes per night. Here are some choices to prove that your child has been practicing their spelling words at home.**

1) Send in a signed note that says that you've practiced the words with your child.

2) A spelling activity (writing the words 3 times) in different ways.

3) A completed homework page in the spelling packet.

These will be checked off in class as a part of their spelling grade and should be turned in by Friday.
